

IN THE CLAIMS:

Please cancel claims 1-6 and 15-33 without prejudice as to the subject matter contained therein.

Please amend the claims as follows:

A marked up copy of each amended claim pursuant to 37 CFR § 1.121(c)(1)(ii) appears on the page immediately following the amended claim.

7. (Amended) An adapter card including means for selecting between two different voltages for use by the adapter card as a main power supply voltage, the adapter card further comprising:

means responsive to application of a first voltage at a first input of the adapter card for using the first voltage as the main power supply and preventing a second voltage applied at a second input of the adapter card from being used as the main power supply, where the second input is a default input; and

means responsive to a first voltage not being applied to the first input of the adapter card for using the second voltage applied to the second input as the main power.

MARKED UP COPY OF AMENDED CLAIM 7 PURSUANT TO 37 CFR § 1.121(c)(1)(ii)

7. (Amended) An adapter card including means for selecting [one and only one of] between two different voltages for use by the adapter card as a main power supply voltage, the adapter card further comprising:

means responsive to application of a first voltage at a first input of the adapter card for using the first voltage as the main power supply and preventing a second voltage applied at a second input of the adapter card from being used as the main power supply, where the second input is a default input; and

means responsive to a first voltage not being applied to the first input of the adapter card for using the second voltage applied to the second input as the main power.
